

cubus shelf system

design options

The **cubus** shelving system is a classic bookcases system available in many different sizes as well as combinations. A large front collection including hinged doors, sliding doors, drawers and flaps allow you to create a unique look. Wooden or glass shelves, movable LED spotlights, rear panels and much more are also available. Sliding display cabinets in front of the unit provide storage space for CDs, DVDs or books. The space behind can be used as a conventional bookshelf, a TV-niche or a home bar for example. Sides made from particularly stable triple-layer panels and solid wood shelves mean the cubus shelving system very stable, and ensure a high load-bearing capacity for the construction shelves.

single doors/pairs of doors

gw 35 | 40 | 45 | 50 | 65

gw 65 | 70 | 80 | 90 | 100

rear walls
