## MANHATTAN Wardrobe design R&S PIANCA

---

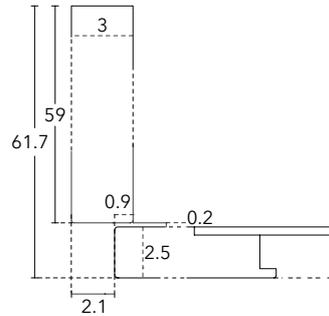

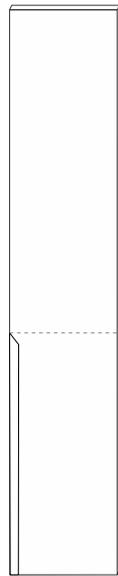

Manhattan, the linear, modern and elegant wardrobe door, stems from a simple concept inspired by minimalism and by love of functionality expressed in an effective and straightforward way.

It is available hinged or sliding and in widths that go from the traditional 70 cm to a maximum of 148 cm, in the XL sliding and flush-closing sliding versions. The door's structure is in wood but it can be customised in a wide range of finishes and materials that can be chosen from matt or brushed gloss lacquer in 20 colour options, matt or gloss lacquered glass, silver or smoked glass.

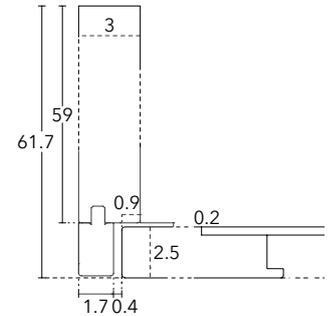

Manhattan's distinguishing feature is its opening method: a modern, sophisticated, metal handle draws a vertical shape on the door that is reminiscent of the tapered contours of a wing. These shaped contours alternate on the doors two at a time at a harmonious and discreet pace, guaranteeing impeccable functionality and a fascinating design. The handle is applied right inside the pantograph routed door or, for the XL version, is obtained from its exterior frame. To further customise the wardrobe, the colour of the handle can be chosen from 20 options made available by the Pianca collection to achieve effects that are toned or contrasting with the door.
