

PIANCA

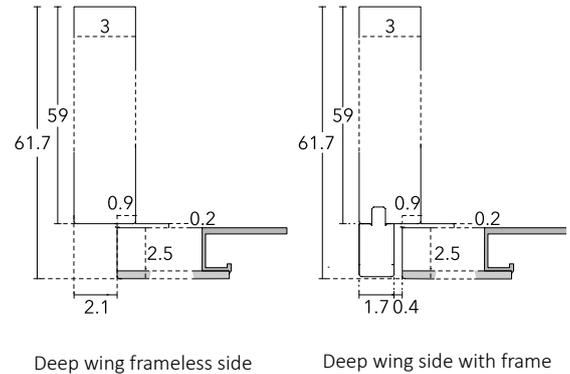

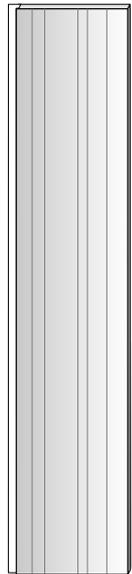

Armadio **RAGGIO** design R&S PIANCA

The rays of the sun pass through the atmosphere with light and substance, from top to bottom, toward s our eyes. Evoking the path of the sun rays, the doors of the RAGGIO wardrobe are characterized by their vertical grooves and their asymmetric etching, which create a pattern made of thin, parallel surfaces, enhanced by glass, or mirror.

Tidy wardrobe interiors are guaranteed by an extensive array of internal fittings, functional solutions with painstaking care for details. The shelves and cubbies stand out for their thickness, while the drawer units can be made with wooden or glass fronts. The choice of fittings is available in the range of lacquered and wood finishes and three finishes for the wardrobe structure: bianco talco, borgogn and the new perlage finishes.

MADE TO MEASURE SOLUTIONS

With Pianca you choose to enrich your wardrobe's uses and functionality: a vast array of uniquely modular additions such as: terminal elements, bridges, dressing closet, fillers. Just add the option to request tailor-made solutions for your structure to adapt and fit right into any space inside your home.*

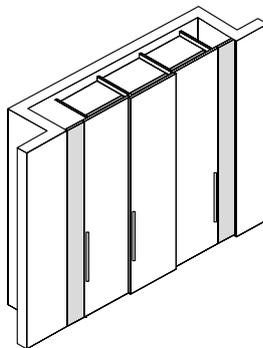

DEPTH REDUCTION

Possible reductions on wing, sliding, bridge solutions but not on flush sliding modules.

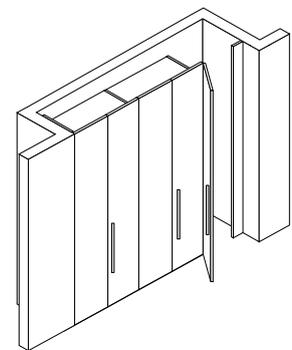

WIDTH REDUCTION

It is possible to reduce in width wing modules, sliding modules, bridge solutions and closets.

FILLERS

Available for wing and sliding modules, both for superior and lateral fillers. The fillers are available for fixing it flush with the door or with the side.

FILLER DOORS

Lateral filler with wing opening made-to-measure in width from 15 to 70 cm equipped with wall mounted stopper and 180° hinges. It is not possible to use the Y handle or the push pull opening.

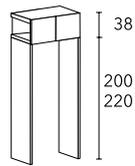

* No customization is possible for Cornice and Link doors with aluminium frame, Print, Crea, Riflesso, Vela, Vitrum and Window doors; flush-sliding; wing door terminal modules; dressing closet. Drawers as well as glass, metal and pull-out accessories cannot be custom sized.

PIANCA

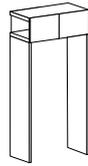

BRIDGE ELEMENTS

The bridge elements can be combined with wing door modules or sliding door modules internal door only. The doors of a bridge element have the same thickness as the wardrobe's wing doors. As a consequence they do not need any handle; the handle function is performed by a protrusion on the lower side of the door. For this reason Plana doors can be used with the Tratto and Nastro wood doors, whereas the Cornice doors can be used also with the Link doors.
