RIFLESSO Wardrobe design R&S PIANCA

A large glossy or matt glass surface offers a much more defined and wider view while allowing the light to reflect itself, illuminating the environment that surrounds it. For this reason the door of the RIFLESSO wardrobe is the only one in its category to be realized with a glass of more than 150 centimetres, from which an elegant horizontal handle is obtained.

Tidy wardrobe interiors are guaranteed by an extensive array of internal fittings, functional solutions with painstaking care for details. The shelves and cubbies stand out for their thickness, while the drawer units can be made with wooden or glass fronts. The choice of fittings is available in the range of lacquered and wood finishes and three finishes for the wardrobe structure: bianco talco, borgogna and the new perlage finishes.
